

Zohaib Akhtar Ansari

Frontend Developer | Angular | JavaScript

+917049985479 | ansarizohaibakhter@gmail.com | Madhya Pradesh, India | [LinkedIn](#) | [Github](#)

Summary

Frontend developer with over 4 years of hands-on experience in Angular. I specialize in Angular, JavaScript and Agile development. Proficient in building scalable and maintainable applications with a strong focus on responsive design.

Experience

Infosys

Technology Analyst

Jan 2025 - Present, Bangalore, India

- Worked on custom libraries and third-party custom components including angular material and prime ng.
- Orchestrated service-based state management with RxJS across 15+ angular components, fortifying data consistency.
- Enhanced request traceability by adding x-correlation-id in request header using auth interceptor.

Senior Systems Engineer

Aug 2021 - Dec 2024, Pune, India

- Led the migration of angular code from version 8 to 13, ensuring seamless functionality and improved performance.
- Implemented routing to enhance modularity and built route guards (CanActivate) to enforce access control.
- Integrated 3rd party libraries: - launch darkly, google analytics, uuid.
- Developed and maintained 200+ test cases using Jasmine and Karma to ensure the reliability of angular components, services, libraries, and forms.
- Implemented reactive forms to enhance user interaction and streamline validation process.
- Developed 20+ Apis using HTTP Client and services.

Personal Project

BuzzLine

Post Application

Developed a social post application, allowing users to view posts created by others, create their own account and share posts with text and images.

- Built the frontend using Angular, providing a responsive and intuitive ui for seamless navigation and interaction.
- Designed the backend with Node.js and Express, handling business logic and API endpoints for data management.
- Utilized MongoDB for efficient data storage and retrieval, ensuring scalability and performance.
- Deployed the backend on AWS Elastic Beanstalk for robust hosting and scalability, while serving the frontend from an S3 bucket.

Skills

- Programming Languages: JavaScript, TypeScript
- Version Control: Git
- Framework: Angular
- Web development: HTML, CSS, Bootstrap
- Testing Framework: Karma, Jasmine
- Tool: Visual Studio Code
- Cloud Platform: AWS (Elastic BeanStalk, S3), Azure

Education

Bachelor of Technology in Industrial & Production Engineering

2017- 2021| CGPA: 7.48

Jabalpur Engineering College

Madhya Pradesh

Certifications

Angular & NodeJS [Mean stack guide]

Feb 2025

Udemy

Infosys Certified Frontend Web Developer

May 2025
